

Yaser Alshboul

Industrial Engineer

Amman – Jordan

Email: yasershboul2000@gmail.com

Phone: +962-781020689

OBJECTIVE

Seeking a challenging position as an Industrial Engineer where I can utilize my technical skills and expertise in process optimization, quality control, and project management to contribute effectively to the growth and success of the organization. I aim to apply my knowledge in manufacturing systems, supply chain management, and continuous improvement methodologies to drive operational efficiency and innovation.

EDUCATION

- **Bachelor of Industrial Engineering** Yarmouk University [2018 – 2023]

EXPERIENCE

Networks and Maintenance Department.

[Yarmouk water company] - [July 2023- oct 2023]

- Receiving cases and starting to solve them.
- Provide the department with the results and request information related to the network when needed.
- Work to verify the quality of work by testing the line to ensure that there are no problems.
- The things that must be verified during the work of the project are general safety measures and adherence to the details of the agreement between us and the company executing the project.

TRAINING (COURSES)

[Orange company] fab lab orange – [July 2022- oct 2022]

- I learned how to design in 3D using modern printing tools.
- I learned laser cutting and cut design.
- I learned Arduino programming and got a certificate from the Orange fab Lab.
